Dear Mr. Bauer:

This letter is in response to the City of Clyde Combined Sewer Overflows (CSOs) Public Notification Plan that was received on April 23, 2018. Revisions to the Plan were received on June 08, 2018. The Plan includes details on how the City of Clyde will comply with the public notification requirements for CSOs to the Great Lakes Basin.

Ohio EPA finds the revised Plan to be acceptable. Please begin implementing the plan by November 7, 2018.
